

REMARKS

This application has been carefully reviewed in light of the Office Action dated November 14, 2007. Claims 40, 41, 44, 50, 51, 54, 60, 64 and 65 are in the application. Claims 40 and 50 are the independent claims. Reconsideration and further examination are respectfully requested.

Applicants thank the Examiner for the suggestions to overcome the art of record. Applicants have largely adopted these suggestions. In this regard, independent Claims 40 and 50 do not specifically state that the control software is distributed "only if it is needed". Rather, Claims 40 and 50 recite distribution of "necessary" control software. It is believed that this departure from the suggested language does not affect the Examiner's indication of allowable subject matter.

Therefore, all claims are believed to be in condition for allowance.

No other matters being raised, it is believed that the entire application is fully in condition for allowance, and such action is courteously solicited.

Applicants' undersigned attorney may be reached in our Costa Mesa, California office at (714) 540-8700. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,

---
